

REISSUE DECLARATION AND POWER OF ATTORNEY

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below at 201 et seq. underneath my name.

I believe I am the original, first and sole inventor if only one name is listed at 201 below, or an original, first and joint inventor if plural names are listed at 201 et seq. below, of the subject matter which is described and claimed in U.S. Patent No. 5,691,066, granted November 25, 1997, and for which a reissue patent is sought on the invention entitled

GOLF BALL COMPRISING FLUOROPOLYMER AND METHOD OF MAKING SAME

the specification of which:

- ☒ is attached hereto along with a Preliminary Amendment filed on of even date herewith.
- ☐ was filed in the United States on as Application No.
- ☐ with amendment(s) filed herewith. (if applicable)
- ☐ was filed as PCT international Application No. on and was amended under PCT Article 19 on (if applicable)

I hereby state that I have reviewed and understand the contents of the above identified specification including the claims, as amended by any amendment referred to above.

I verily believe the original patent to be wholly or partly inoperative or invalid by reason of the patentees claiming more than they had the right to claim in the patent.

At least one error upon which reissue is based is described as follows:

In claims 1, 3, 5, 18 and 22 the patentees claimed fluoropolymers comprising substituent groups R_1-R_7 , which are independently selected from the group consisting of H, F, alkyl, and aryl; and R_8 which is H, F, or a fluorinated moiety rather than substituent groups R_1-R_7 , which are independently selected from the group consisting of H, F, alkyl, and aryl; wherein at least one of R_1-R_7 is F; and R_8 is a fluorinated moiety.

All errors which are being corrected in the present reissue application up to the time of filing of this declaration arose without any deceptive intention on the part of the applicants.

I acknowledge the duty to disclose information known to me to be material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

I hereby claim the benefit under Title 35, United States Code, § 120 of any United States application(s) listed below and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code § 112, I acknowledge the duty to disclose information which is material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56 which became available between the filing date of the prior application and the national or PCT international filing date of this application:
